Tools

Figma, Sketch, Adobe Illustrator,
Photoshop, Miro,

UX/UI Designer

Tahoe Blue Surf Co., Mar, 2023 – Apr, 2023

- Conducted usability tests to conceptualize and design wire frames, mock ups, and high fidelity prototypes of a responsive website redesign ready for development hand off.
- Conducted ethnographic research to identify pain points and understand the current systems, collaborating with UX team to develop potential solutions and a minimum viable product
- created user-centered low and mid-fidelity wire frames iterating based on user feedback during usability testing.
- Utilized Figma to create a high-fidelity dashboard design, including custom micro interactions and animations to enhance the user experience.

UX Consultant

Johnston County Water Supply, Dec, 2022 Jan, 2023

- Led the website redesign project with focus on improving the water service application process through stakeholder interviews, prototypes, and testing.
- interviewed with stakeholders identifying current pain points of current website,
- preformed UI analyses to determine top usability issues and recommended improvements, keeping a backlog of other issues for future examination.
- delivered high fidelity clickable prototypes with custom micro interactions to enhance user experience.
- conducted additional user tests on usabilityhub.com to improve the redesign further.

UX/UI Designer

Coastal Pedals, Mar, 2022

- Conducted comprehensive user research and gathered insights to inform design decisions, ensuring a deep understanding of target users' needs, motivations, and behaviors.
- Developed wireframes, interactive prototypes, and visual designs to effectively communicate design concepts and facilitate collaboration with cross-functional teams.
- Implemented user-centered design principles and practices to create seamless user journeys, intuitive navigation, and visually pleasing interfaces.
